

Career Connections is a service provided during the ASCA conference that gives participants the ability to post and review employment opportunities within the field of student conduct.

This year Career Connections will continue to build on the success and feedback from last year's more structured environment. Some features that will continue to be offered are:

- The ability for candidates and employers to "connect" in person on the first night of the conference, as well as via a website prior to arriving on site.
- Online access to postings and resumes
- Knowledgeable and friendly support staff

Postings will be reviewable on www.careerconnections2011.com and resumes will be viewable to registered employers.

Candidates and employers are encouraged to pre-register before February 1, 2011. Though pre-registration is not mandatory, it is highly encouraged. To pre-register:
